

## Public Health Service, HHS

## § 54a.10

(i) When a program beneficiary requests alternative services, the religious organization will seek to make such a referral.

(ii) If the religious organization cannot locate an appropriate provider of alternative services, the religious organization will contact SAMHSA. They will work together to identify additional alternative providers, utilizing the SAMHSA Treatment Locator system, if appropriate.

(iii) The religious organization will contact these alternative providers and seek to make the referral, in a manner consistent with all applicable confidentiality laws, including, but not limited to, 42 CFR part 2 (“Confidentiality of Alcohol and Drug Abuse Patient Records”).

(iv) In the event the religious organization is still unable to locate an alternative provider, it may again contact SAMHSA for assistance.

(d) *Referral reporting procedures.* The program participant shall notify the appropriate Federal, State or local government agency that administers the program of such referral. If a State or local government is the responsible unit of government, it may determine its own reporting procedures. When SAMHSA is the responsible unit of government, this notification will occur during the course of the regular reports that may be required under the terms of the funding award.

(e) *Provision and funding of alternative services.* The responsible unit of government, as defined in paragraph (a) of this section, shall provide to an otherwise eligible program beneficiary or prospective program beneficiary who objects to the religious character of a program participant, services and fund services from an alternative provider that is reasonably accessible to, and has the capacity to provide such services to the individual. Such services shall have a value that is not less than the value of the services that the individual would have received from the program participant to which the individual had such objection. The appropriate State or local governments that administer SAMHSA-funded programs shall ensure that notice of their right to alternative services is provided to applicants or recipients. The alter-

native provider need not be a secular organization. It must simply be a provider to which the program beneficiary has no religious objection.

(1) When the State receives a discretionary grant from SAMHSA, it shall utilize its own implementation procedures for these provisions and shall use funds from the SAMHSA discretionary grant to finance such alternative services, as needed;

(2) When the local government receives a discretionary grant from SAMHSA, it shall utilize State implementation procedures for these provisions and shall use funds from the SAMHSA discretionary grant to finance such alternative services, as needed;

(3) When a religious organization receives a discretionary grant from SAMHSA, if a publicly funded alternative provider is available that is reasonably accessible and can provide equivalent services, the religious organization shall refer the beneficiary to that provider. However, if such a provider is not available, the religious organization shall contract with an alternative provider to provide such services and may finance such services with funds from the SAMHSA discretionary grant.

### § 54a.9 Oversight of the Charitable Choice requirements.

In order to ensure that program funds are used in compliance with the SAMHSA Charitable Choice provisions, applicants for funds under applicable programs are required, as part of their applications for funding, to certify that they will comply with all of the requirements of the SAMHSA Charitable Choice provisions and the implementing regulations under this part.

### § 54a.10 Fiscal accountability.

(a) Religious organizations that receive applicable program funds for substance abuse services are subject to the same regulations as other nongovernmental organizations to account, in accordance with generally accepted auditing and accounting principles, for the use of such funds.
